Ruby came by today and brought me a copy of your letter. I had been trying to find someone who had Webster Cemetery records in order to get the date of John Mason Bullington's death. With the dates you gave I was soon able to find an obituary which even names the great-grandchildren. John M. lived to the ripe old age of 90 and apparently outlived all his children but one. With the information given in the obituary you should be able to get his death certificate and his military records. Since he lived to such an advanced age, he probably applied for a Civil War pension. Such an application would have contained information on his family.

I also checked the Report of the Adjutant General of the State of Indiana, 1861-1865 and found that John M. was mustered into the service 15 March 1865 and mustered out 14 July 1865. Evidently he didn't see much action. He was listed on the roster of the 43rd Reg. Inf. as a recruit assigned to Co. F. The men in that company were all from Lawrence county; the Parke county men were in Co. K. I wonder whether he was transferred from another company or just enlisted too late to get in Co. K.

I'm also enclosing a copy of a photograph belonging to my grandmother. This is the group photo of the 1903 Clinton IN High School graduating class. The girl on the left end of the front row is Rebecca Bullington. However, I don't know the name of her parents. My grandmother doesn't remember any longer. She is 97 years old and bedfast. She fell in January, and her health has deteriorated dramatically ever since. I'm afraid I've waited too long to ask her these things. I thought I had written down everything she knew about the family, but I keep finding more boxes of unlabeled photographs.

I have added the information you sent on the Bullingtons to the surname files here at the library. After reading the papers from Laura Jean Woloszyn, I believe that the Bullingtons and Mitchells were closely associated in Virginia and Kentucky. My Robert Mitchell was born 3 Sept. 1793 in Pittsylvania county VA and went with his family to Mercer county KY when he was about eighteen. I think your John Bullington probably came to Parke county IN because Olive's father and brothers were there. Robert was in Knox county IN in 1815 when he married Margaret Adams and was in Parke county (or what would be Parke county) in 1818 when his son William D. was born. I can't prove when William Sr. came, but he died in Parke county in 1836.

When William Sr. applied for a Revolutionary War pension he said that he enlisted from Amelia county VA and continued to live there after the war until he moved to KY. I believe he may have married Chloe Nance in Amelia county as well. When she applied for a widow's pension, she said they were married 5 Dec. 1776 but didn't state the place. (She didn't get the pension because she had no proof of her marriage. I would have thought eleven children would have been sufficient proof.)

William also stated that he was born in Essex county VA in 1746. A biographical sketch of his grandson Abel Mitchell in the Portrait and Biographical Record of Montgomery, Parke, and Fountain Counties says that he lived in Hobb's Hole VA. One of Ruby's correspondents identified Hobb's Hole as being in Essex county on the Rappahannock River. Have you ever heard of this place?

I have done some prowling in New Discovery Cemetery as William Mitchell Sr. and his 17 year old granddaughter Virginia are buried there. The cemetery is well kept, but there are indications of unmarked graves. The New Discovery Baptist Church is across the road from the cemetery. It was organized 29 Aug. 1834, but I don't know how far back the records go.

I think I will enclose a pedigree chart so you can see how I am connected with our William Mitchell. I don't know if I made it clear that I'm not descended from the Bullingtons, only the Mitchells. I'll have to make the chart on my mother; there isn't enough room to get back to our William Mitchell if I do one for myself.

Have a nice time on your travels. I hope the weather in Indiana improves before you get here. It's cold, gloomy, and rainy now.

Dear Nancy,

Your letter arrived Sat. along with 2 others concerning Bullingtons, so feel I hit the "jackpot" after months of letter writing! Also on Fri. had a letter with information from a Geneologist in Parke Co. which the Court House had recommended as ~~said~~ they didn't have time to get records, etc.

I was so pleased with the information you sent and am enclosing a dollar for the copying of the material. I will write to Mrs. Cronk and send her Josiah's Family chart as well as one for me. Its a coincidence that I happened to write and reach you as a distant ⁽²⁾cousin thru our G. G. Grand-parents. I was very pleased to get the Obituary for Sarah, wife of John Mason Bullington. I wonder if you might have one for John? I have written for a ^{STATE} Death Certificate for him twice and each time have been told they don't have one for him. There is a John ^{Mason} buried in the Webster Cem. according to the Geneologist and was a Civil War Veteran according to the D.A.R. I didn't know he served in the war, but his 2 brothers did. If you could find the record I would appreciate a copy.

Last Wed. we went to the Branch Archives at San Bruno CA and I found John and Sarah in the 1880 Soundex. Children listed for them were John-11, Margaret A. 8, and Lillie 3 yrs. Apparently the son Norval was younger. I know that Lillie lived to 19 yrs. as found a Marriage listed for her in a Book of early Ind. Marriages. Also thought they had a daughter Sarah, as an elderly aunt told me that Sarah married a man by name of Duckett and they lived in Colo. although a death cert. wasn't located for her. I presume since not listed in Sarah's obituary that the children died as fairly young people.

When I was quite small, probably 6 or 7, my Mother and I travelled by train as Grandma wanted to go see her brother "Mace" as he was called by the family. I have no recollection of any of the family, and the main attraction was that some of the family went out and picked blackberries with small pails. This was near Terre Haute and presume it was at Coal Bluffs but couldn't be certain.

By the way John Bullington's wife was called Cluree in the Marriage book of Pittsylvania Co., VA and I've sent a letter requesting copies of it and some other items listed for Robert which I believe was John's father. I have a book on Bullingtons written by Lila Bullington Bracken and it has lots of information in it, but rather scrambled. I correspond with her and she calls it her work book.

We lived in Richmond from 1959 to 1974 when we ~~retired~~ and moved to our cottage on Gwynn's Island. We stayed there until this past April 9th when we starting roaming as we had dreamed of doing for years. We have stayed the winter months with our daughter Eileen here in Sacramento. It wasn't until the last couple years that we became interested in Geneology and even then didn't know my ancestors came from VA. We did some searching for Lila and also for a Bascum B. Bullington at the Swem Library at the College of William & Mary in Williamsburg & the State Archives in Richmond. I'm sorry we didn't know of The Historical Society in Richmond as believe we'd have had more success perhaps found more on my family. I didn't learn until last May while in Lincoln, NE that my G. Grandfather Josiah was born in Mercer Co., KY and my husband (Frank) found his obituary on microfilm in the NE Archives in Lincoln.

We are heading Eastward the last of May as we go to Dayton, Ohio when Eileen goes to Wright Patterson A.F. Base. She will attend the Air Force Inst. of Tech. to study for a Master's Degree in Electro-Optics. Once she is settled in an Apt. and Frank has completed research on his Ohio ancestors we plan to start our vagabond life again. We plan to stop for a while in Ind., Ill. & Iowa where my various ancestors lived. We will definitely plan to stop at the library to see you.

A little about Josiah. He moved to McLean Co., Ill. at 20 yrs. of age and a year later married Matilda Dickson from Ohio/Kentucky. I have no further information on her parents, brothers or sisters. She died when my grandmother was about 4 years of age and after the youngest child was 3 months old. I will enclose their family record. Josiah married 2 other times & had 2 children by his 2nd wife but they died during childhood. His 3rd wife did not have children (as older). The wives all died before he did. He lived with my grandmother and moved with her as she and her children moved to NE and arrived at Douglas^{Mo} 31 Aug. 1897. He had gone to visit his oldest daughter Martha in Milford, NE for the holidays & died 31 Dec. 1897. My Grandmother lived with "Aunt Martha" so Mom said after her mother died, and I do not know how long she stayed there.

I am enclosing a S.A.S.E. just in case you find anything further that would help me. I will keep in touch and hope to hear from you again. I have much searching to do, if I ever get this puzzle done in my lifetime. Starting when all the older generation is dead makes it difficult. My mother wasn't one to dwell on the past but always looked to the future. Guess that was the reason she was so mentally alert when she died at almost 89, which was 10 years ago this coming May. When asked about her ancestors her answer was "they came over on the Mayflower". She might not have been too far wrong since its thought that Francis Billington is one of our Forefathers. Have you gone that far back? So ~~many~~ of the VA records were destroyed during the War of 1812 and then we "Yankees" burned Richmond where the Counties surrounding the James River had taken their records for safe keeping. Shame on us!!!!!!!!!!

Thanks for all your help.

P.S.--Josiah and Matilda moved to Marion Co. sometime before in the 1840's as found a land transfer for them and they sold 240 acres for \$300.00 on 22 Sept. 1849. If you should find any information on them I'd love to have it & especially on Matilda. In the 1850 Iowa Census a Charles W. ?? age 73 was living with them--was a widower, so wonder if he could have been her father, since Josiah's father was John.

Dear Nancy,

I just completed a long letter to Ruby Crank and hope I don't make too many mistakes in my grammar and typing. This is the end of the day and am weary.

I am enclosing a letter and Bullington information received from another one of the Bullington descendants of our group. You ~~may~~ or may not know of her, so thought I would send this material. Also send a copy to Ruby. Wrote her quite a long letter and bits of information so hope you can share with her, since I presume you see one another. I wrote her what I had learned from Mary Jo Harney who I hired to search for information before I received a letter from you. Mary Jo wrote about John "Mason" Bullington so I copied what she had found. Please don't search any further on Mason ~~xxx~~ until you read what I've written to Ruby.

Also enclosed is a copy of a map of Henrico Co. and received it the other day from Lila Bullington Brackeen with whom I correspond. I will circle the Bullington land. Also where there is a ferry boat crossing that we've ridden many times when going to Williamsburg with guests and goes over to Jamestown. Wish I'd known about our family history when we were there as would have made it more interesting. Many names are familiar on the map and remembering things I read when in Williamsburg Swem Library and VA Historical Library. Many were intermarried or close friends in those days. The Bullington Cemetery is at Kingsland & Varina and if we ever get back to the area, will plan to go there. Also going to enclose a copy of the last note I received from Lilla. Its interesting to learn one of our ancestors (Nicholas II was in charge of security at The College of William & Mary when our 2 youngest daughters attended college there. I am wondering though about it since according to the history that Eileen has about the College says that it was not chartered until 1693. Wonder if the college was in existence before that time since it is not mentioned in her book.

We are leaving here about 15 May and head for Dayton which I wrote in the last letter. Don't know how long we will stay in Dayton but imagine 4 to 6 weeks and then head west if all is as planned. We plan to stop at the library to see you.

We will have a forwarding address and our mail will be forwarded to Eileen from there to Dayton in case you'd want to write after we leave here.

I told Ruby there were errors on the material she had as to places of births on children for Olivia Cluree and John Bullington. Four were born in Pittsylvania Co., VA and believe all others were born in Mercer Co., KY, unless was the youngest and think the information you sent said all of the children came with their parents from KY. When we get there will have the things I've searched and received with us, so you can dig through it. Got the marriage record for Cluree and John, also the assesment of Robert Bullington (John's father) and settlement of the estate. I keep getting so many things that I can hardly keep it all straight.

Looking forward to seeing you this summer. Have a family picnic group picture taken in 1927 of some of my Grandmother's children (& also her) and Grandma's oldest sister's family. Martha was dead by then. Will be interesting to see if there is any resemblance to the other Bullingtons.

Sincerely,

Madge

Dear Ruby,

Your letter and the enclosed material arrived a few days ago and I was pleased to hear. Sorry I didn't get to this letter sooner. We have been to San Francisco 2 days since, with our Genealogy class group and to a Roots Cellar meeting so these extra hours away from the routine causes some things to take a "back seat".

Yes, Nancy sent me 2 or 3 of the pages you sent but that is fine. I'm just glad to be learning of the family. I received the marriage bond between John and Olivia Cluree and on this she is only listed as Cluree. Also got the inventory of Robert Bullington's property and settlement of the estate from Pittsylvania Co., VA

I have some information for which I paid to a lady in Harrodsburg, KY for Bullington research. The spouses of the two oldest children of John & Olivia-William and Jane are listed and will enclose a copy. Some of the information she sent is incorrect and think on the basis of things I told her and she just presumed. Have scratched those things. Also some of the things you have I believe are incorrect as 4 of John's children were born in Pittsylvania Co., VA and believe the rest were born in Kerker Co., KY, but am not sure. From the write up that Nancy sent me from a Biographical clipping it gave all the children's names as having arrived in Indiana with their parents.

I correspond with several Bullingtons, one being Lila Bullington Brackeen who has written a book "All In The Family" which she calls her workbook in which she writes down findings of various Bullington (and other) families. Most of Robert Bullington's children went south to settle and believe there were few that migrated north. Lila said one time that she thought John and Cluree were the only ones that went to Indiana.

I heard of a Laura Jean Williams Woloszyn from the Genealogist in Harrodsburg, KY and wrote to her in Las Vegas. Her G.G.G. Grandmother Elizabeth was a sister to my Josiah, so no doubt Nancy knows of her, since both related to Elizabeth. It appears that she has done considerable research and has traced them back to Nicholas the 1st, who was living on the James River in Jamestown in 1623 when the first census was taken there.

I also am corresponding with a GGGG Granddaughter of William, the oldest son of Robert and brother to my John C. Bullington. William went south as lived in Tennessee.

I also have received information from Mary Jo Harney of Rockville, Ind. and she has sent me information twice. This before I heard from Nancy. She sent Parke Co., marriages some of which you have (Mary, William Robert, Elizabeth, Martha). She has Mary Ann Bullington to James P. Crooks 15 Aug., 1844. Chloe Ann Bullington to Mason Harding date of license 15 March 1841. There are several others but won't add them unless you want them. She also stated that there are 2 John Mason Bullington death's. One being 16 Feb. 1920 and the other 13 Feb. 1936. I feel sure that it was the 1936 date since I know he was alive in about 1923 to 1925 as my mother and I went with my grandmther (Catherine Mariah Bullington) to see Uncle Mace as Mom called him. They lived somewhere around Terre Haute, and I was a child, and was born in 1917 but remember the trip distinctly of how hot it was sitting in the train at St. Louis and some of the family going out to pick blackberries in little pails. Don't remember the persons we visited but think they had a dog, as had a new pair of shoes (patten leather and white) and the dog chewed one of my shoes and I was around 6 or 7. Next of kin listed for John Mason was Sarah Bullington and that I can't figure out as his wife Sarah Beyers Bullington died several years earlier.

Mary Jo also wrote that the information I sent her on John and Olivia Cluree being buried in New Discovery Cemetery is not recorded in the library cemetery records so grave markers must have been gone by the time the DAR made the survey of the cemetery.

Getting back to John Mason Bullington--my Great Uncle--he was called Mason and marriage records that May Jo sent he is listed as Mason Bullington married to Sarah Beyers 24 Oct. 1864 by Rev. Cyrus B. Allen. Parke County, Ind. Webster Cemtery Raccoon Twp Cemetery N.E.1/4, S.E. 1/4 Sec. 31, T 14, A 7 is the following

Lillie M. Bullington
wife of Chauncey Cross

Annie Bullington

Mrs. Sarah Bullington

Myrtle Bullington

John Bullington

Thelma Bullington

Mason Bullington
(Civil War Veteran).

According to an aged Aunt and also my sister(now 80) Uncle Mace was supposed to have had a daughter Sarah who married a A. Duckett and they lived in Colorado. I have followed that lead and not able to locate her. Perhaps John Mason did not go by only by Mason and thus the reason for the confusion. Mary Jo also said there was no stone for Uncle Mace, so when we get there I intend to investigate and if that is true I plan to see if the veteran's can't see about it, since I know they provide them for free.

We are planning to leave here about the middle of May, as our daughter who is in the Air Force is being transferred to Wright Patterson to study at the Air Force Institute of Technology for a Master's Degree in Electro-Optics at Dayton. We will travel along too and transport her African Violet collection (about 150 varieties) in our truck and pull our Airstream, as she drives her car. Once she is settled in an Apt. and we have exhausted searching for Frank's ancestors there and my Maternal G. Grandmothers, we will start on our vagabond life again. We started out a year ago 9th of April and didn't intend to winter here, but she was going to school 3 nights a week, besides her ~~her~~ regular duties with the A.F. and will complain her Master's Degree for Systems Management in one year, so has been a busy young lady. We helped by keeping house, cooking, etc., etc., beside caring for the cat Chanucy, and her plants. She went on 2 temporary duties of a week during this time--once to Guam, so someone had to be here to keep the "homefires burning". She is 26 and soon to be promoted to Capt. Very ambitious and single, but looking for a fine young man. However they don't make them like they used to!!!!

We plan to stop in Ind., possible Illinois, Iowa and also Neb. Then will spend 3 or 4 weeks with our oldest daughter in Minnesota and their family of 4 children. We have 2 daughters in the east, but doubt that we will get back to see them this summer. One lives near Philadelphia and the other single one lives in Williamsburg. The one in PA is married and has 2 children.

After we get through in Minn. it will no doubt be about time to think where we will stop and spend the winter. Plan to stay where it is warm and possibly Arizona or that general location.

I will send our forwarding address that you can use after 15 of May and it will be sent to our daughter in Dayton when she gets an address, and she will forward mail to us. Who know we might just run into one another while we are in the area. Do want to stop by and go to the library and see Nancy while in the area. Also would like to go out to the Cemetery at New Discovery even if there are no stones.. Last Spring while in Marion Co., Iowa found my G. Grandmother Jone's stone through the county cemetery book. Didn't find him though but he may be buried with his second wife in another county. I just wonder if he Jonathon Jones and wife may have been with the group that came from Kentucky, but can't get any lead on him, except he was supposed to have been born in KY. Have written various places hunting for an obituary that might give leads, but no answer. This hobby is so interesting but frustrating at times.

our address will be P.O. Box # 2010
Sparks, Nevada 89431 after 15 May.

Hope you have time to write again. Sincerely,
Madge Coyne Walling (Mrs. Frank J. Walling Jr.) 2740 Elvyra Way, # 43, Sacramento, CA 95821

The obituary of Sarah Bullington is enclosed. As you can see from the obituary, the information about the family being in Coal Bluff was correct. However, there is no mention of a daughter as a survivor.

I am very interested in the information about John Bullington. By some co-incidence, Olive Mitchell, the sister of my gg-grandfather, Robert Mitchell, married a John Bullington in Mercer county KY and came to New Discovery, Parke county IN. Olive and Robert were children of Revolutionary soldier William Mitchell and his wife Chloe Nance. The section on the Mitchells in the Portrait and Biographical Record of Montgomery, Parke, and Fountain Counties mentions Olive and lists her ten children. Josiah was among them.

I am enclosing photocopies from this book and also copies of some family group sheets prepared by Ruby Cronk, 415 N. Mill St, Martinsville IL 62442. Mrs. Cronk is attempting to trace all the descendants of the large Adams family that went from Botetourt county VA to Mercer county KY to Parke county IN. They intermarried with the Mitchell and Bullington families and practically every other family in southern Parke county as well. It's possible that several of those families came to Indiana together. I'm sure Mrs. Cronk would like to hear from you as she doesn't have any information on Josiah Bullington.

I am also sending a copy of a biographical sketch of William Bullington taken from Beckwith's History of Vigo and Parke Counties. William must have been Josiah's brother.

I don't know too much about the Bullington's, but I have quite a bit of information on the Mitchells if you are interested in them.

The charge for the photocopies is 10¢ per page.

Dear Miss Sherrill,

The Feb 28, 1981 issue of The Tri-State Trader had the article--
Western Indiana Library Has Microfilmed Many Newspapers, and I am very
interested since my Bullington ancestors lived in parts of Indiana.

I have tried unsuccessfully to get a Death Certificate for my Great
Uncle John Mason Bullington, who according to my Grandmother's obituary
said he was living in Coal Bluffs, Ind. and she died in 1931 in NE. Its
possible he might have left Ind. and the family was not aware of it.

I would like a copy of the obituary of his wife and perhaps that will
give me information on his children's names. His wife was Sarah Beyers
Bullington and she died 02 January 1919, Vigo Co., Nevin Twp and was in
Book # 43, page 36. I also had found the marriage record of a daughter
the date and to whom she was married but have misplaced it. age 75-

Great

→ My Grandfather was Josiah Bullington born 24 June 1814 in Mercer Co.,
KY and moved to Parke Co., Ind. when 9 years of age with his father John
and other members of family. Josiah moved to McLean Co., Ill. at age of
20 where he married Matilda Dickson. However believe they moved back to
Ind. at some time later. I have much "searching" to do to get my family
history straightened out. I do know that my Bullington Forefathers lived
in VA and came from the earliest time in our Country ^{my Bullingtons}

If there should be any information that is indexed on your records
concerning the Bullingtons I would appreciate learning of it. I know that
there were quite a number of Bullingtons in Indiana and imagine they were
related in some manner. For the time being I'm interested in John Mason
Bullingtons family. I believe his daughter's name was also Sarah.

Enclosed is a S.A.S.E. for your reply and as to the fee for information
you were able. to find. Thank you,

Sincerely,

Madge Coyne Walling

Death of Josiah Bullington

Josiah Bullington was born in Mercer county, Kentucky, June 14, 1814. He became a Christian at an early age, and his interest in spiritual matters deepened through life, till the last, he talked much of peace, joy and heaven. He moved to Park county, Ind. when nine years of age, from there at twenty years old he removed to Bloomington, Illinois. He was deeply interested in educational matters and thought much. He was always noted for his strict integrity in his dealings with his fellow men, his life was honorable throughout. Three times he was married and was reared by death as many times. To him were born nine children, of whom five still live. He had seventy-six grand children, fifty-seven still live; he had forty-six great grand children, thirty-seven still live; he had one great great granddaughter, now living, making in all 132 descendants from him, of whom just 100 are now living. This statement is somewhat remarkable. A tumor on the liver was the cause of his death, December 31, 1897. He gave much good advice in his last few days, telling all to accept and follow Christ. He was a good man. Affecting funeral services were conducted at Mrs Smith's residence, (his daughter,) by Rev GAMMON, and burial made in Blue Mound cemetery.

Dear Madge,

Please excuse the mess on the other side, I'm not a typist either, but a note clerk at our local Bank of America. I was going thru my notes and letters the other day & ran across your's. Since hearing from you I have been most fortunate in getting my Bullington line quite a ways back, and decided to compare with your letter. I got excited about a thought and decided to see what you thought.

It was seeing again your G.Grandfather's name, Josiah Bullington that started it, and his father's name, John, who was from Virginia. My G.G.G.Grandfather William Bullington (# 4 on the other side) had a brother John C. and also a brother Josiah. He also named two of his sons by them. The dates would be right for this John C. Bullington to be your G.G.Grandfather. I thought I would send you this family just to see if you see the family names continued in your Josiah's family.

I also know that the father, Robert Sr. served in the 5th Virginia Continental Line during the Revolutionary War, and that his father was John Bullington and his mother Sallie Giles. He married again in 1815 to Nancy Harvey. The mother's father's name was William Crenshaw.

All this was sent to me by a cousin of my on two sides whose grandmother was a Bullington and these are L.D.S. Archive records. I sure hope it will give you the leads you need. Let me know of any success that you have. So many have helped me that it would be a thrill to think I had helped another, and I love finding cousins, no matter how many times removed!!!

Good luck, and let me hear from you soon.

Sincerely,

Carol

Mrs. Frank J. Walling
2740 Elvyra Way, #43
Sacramento, Calif. 95821

Dear Mrs. Walling:

I'm so glad your letter addressed to our former home on El Pito Lane found me! We moved from there to Dallas in 1974 and returned to Las Vegas in the fall of 1978 but the people who bought the house on El Pito knew we were back here and our present address so forwarded your letter to me.

I'm enclosing a copy of my brief history of the Bullington family. Elizabeth Bullington Duree was my great-great-grandmother and a sister of your Josiah Bullington. The information I have included about Josiah is from your letter as I had nothing other than a son born ca 1810-15. But I am certain this is the correct tie.

I have copies of the wills of Nicholas Bullington I and Nicholas II as well as census reports for the counties involved. Robert Bullington's military record comes from the Daughters of the American Revolution files -- you could join the D.A.R. on Robert's record if you so desired.

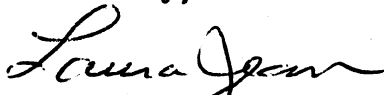

I also have rough notes on a summary of the Mitchell family. William Mitchell also served in the Revolutionary War as did one other ancestor of mine on the Duree side of the family. As soon as I have an opportunity to finalize the Mitchell history I'll send a copy along to you.

By the way, if you have a copy of Josiah's obituary or could photocopy it for me I would appreciate receiving it. Also, can you supply the date of his death?

Genealogy has been an absorbing hobby of mine from 1971 to 1977. However, I have been working full time since early 1977 and have not been able to spend as much time on research as I would like to do. I did manage a trip to the L.D.S. library in Salt Lake City in 1972 and would love to go back again now that I have developed more family lines than I had earlier.

Hope you enjoy the enclosed and that it is helpful to you. If you have any further questions, please contact me. Your letter has given me new impetus to get back into my research, so thanks for writing.

Sincerely,

Laura Jean Holoszyn (Mrs. Ted L.)

BULLINGTON

ELIZABETH BULLINGTON, mother of Nancy Jane (Duree) Williams, was a direct descendant of Nicholas Bullington, first of the Bullington line in America. According to Colonial records, Nicholas was living on the James River near Jamestown, Virginia in 1623 when the first census was taken there. At that time only 1,277 people were living in Virginia. Nicholas' wife's name was Cynthia, but nothing further is known of her family.

(1) Nicholas and Cynthia Bullington remained in the Jamestown-Richmond area of Henrico County, Virginia and had at least two sons, Nicholas II and John. Dates of the deaths of Nicholas and Cynthia Bullington are unknown.

Nicholas II was married in Henrico County to Margery Archer. She was the daughter of Joseph Archer who had extensive grants of land on the Appomattox River. Margery, her brothers and her sister were orphaned early in life and Joseph Royall became their guardian.

As far as it is known now, Nicholas^{II} and Margery (Archer) Bullington had one son, John, born in 1680. Nicholas Bullington II died in 1692. His will, written November 22, 1691, left "to my loving wife Margery all my moveable goods except my bed which was my own before I married said wife." His will further stated, "I give my wife the use of my plantation as long as she lives, only my son is not to be debarred from making use of it when he comes to age and after her death then my will is that my son should have it and his heirs forever. Likewise, I give my son my bed before excepted, one pair of blankets and rugg. And further my desire is that my son may have the benefit of his own labour when he comes to the age of sixteen years on the plantation."

It would appear that Margery (Archer) Bullington died shortly after the death of Nicholas II. Her will written January 20, 1692, read in part as follows:

"I give and bequeath all my land in Appamattock to my son and his heirs forever except he should dye before he comes to the age of twenty-one years

then my will is that it should fall to my brother John Archer and his heirs forever. Likewise all the moveable estate which I have I give to my son except he should dye as above, then my desire is it may be equally divided between my brothers John Archer and Henry Royall. And I leave my son to my father-in-law (guardian?) Joseph Royall; likewise I make my father-in-law Joseph Royall my whole and sole executor of this my last will and testament."

John Bullington, son of Nicholas II and Margery (Archer) Bullington, was married probably about 1700-04. His wife's name was Temperance, last name unknown. John and Temperance had one son, John II, born in Henrico County in 1705. John Bullington (Sr.) died in Henrico County in 1726. His will, written May 25 and proved September 5 of that year, left "my loving wife Temperance one half of all my personal estate after my debts and funeral charges are paid then I leave to my said loving wife one half of my land, houses and all other real estate of which I am possessed." He also added: "If it should please God that my son John should die before he comes to be of age or be lawfully married that all my land and real estate shall be enjoyed by said loving wife during the time of her natural life and after her decease shall descent to John the son of Joseph Royal to be his and his heirs forever."

JOHN BULLINGTON II, born 1705, was married about 1740 to Sallie Giles, daughter of Nicholas Giles, Jr. and his wife, Sallie. John and Sallie (Giles) Bullington had at least three sons as follows: (names of other children, if any, are unknown)

A. WILLIAM	b. 1740-1750 w.p. March 3, 1783	mar.: Sarah Bailey
B. ROBERT	b. about 1746 d.	mar. Elizabeth Crenshaw
C. JOSIAH	b. d. 1780	mar. Sarah _____

At this writing it is not certain when John II and Sallie (Giles) Bullington died, and it is assumed their deaths occurred in Henrico County.

B. ROBERT BULLINGTON, born in Henrico County, Virginia about 1746, was married about 1770 to Elizabeth Crenshaw, daughter of William Crenshaw. Elizabeth was born in Amelia County, Virginia, about 1750. The children of Robert and Elizabeth (Crenshaw) Bullington were as follows:

A. WILLIAM	b. 9 Sept. 1771 d.	mar. Jane Harris 5 Dec. 1793
B. JOHN C.	b. 28 Dec. 1773 w.p. 13 July 1842	mar. Cluree Olivia Mitchell 17 Apr. 1797
C. JANE	b. 28 Apr. 1775 d.	
D. ROBERT JR..	b. 17 Dec. 1776 d.	mar. Arrey Adams 31 Dec. 1808
E. JOSIAH R.	b. 5 Apr. 1778 d.	mar. Nancy G. _____
F. MARTHA	b. 27 Aug. 1779 d.	
G. JERIAH	b. 3 May 1782 d.	
H. ELIZABETH	b. 4 Feb. 1786 d.	mar. Lewis J. Dixon
I. SURIAH (SARAH)	b. about 1788 d.	mar. William Boaze

Robert Bullington served several years throughout the Revolutionary War. The official records of the Daughters of the American Revolution show that he served as a Corporal in the Virginia Regiment from 1776 to 1778. On August 17, 1779 he was appointed second lieutenant of Charlie Cake's Company of the Pittsylvania County Militia and in April, 1781, was promoted to first lieutenant. In Pittsylvania County records in 1808 he was referred to as "Captain Bullington" but no record has been found of his promotion to that rank.

On November 13, 1789, Robert Bullington was granted 370 acres of land in Pittsylvania County, Virginia on the branches of Sandy River and Sugar Tree Creek. The grant was signed by Beverly Randolph, ESQ., Governor of the Commonwealth of Virginia. The land was located about 200 miles southwest of Richmond.

Elizabeth (Crenshaw) Bullington died at Sandy River shortly after April 11, 1811. On December 2, 1815, Robert married again - to Nancy Harvey. Robert died at Sandy River early in 1822 as his estate was administered there in March, 1822.

B. JOHN C. BULLINGTON, second son of Robert and Elizabeth (Crenshaw) Bullington, was born in Richmond, Henrico County, Virginia December 23, 1773. On April 17, 1797, in Pittsylvania County, Virginia he married Cluree Olivia Mitchell, daughter of William and Chloe (Nance) Mitchell. Cluree Olivia was born October 12, 1777 in Amelia County, Virginia.

From census reports and other documents, it is believed that the children of John C. and Cluree Olivia (Mitchell) Bullington were as follows:

A. JANE	b. abt 1798 d.	mar. William Odell 3 Oct. 1820
B. WILLIAM	b. 1800 d. after 1880	mar. (1) Margaret Odell 14 May 1821 (2) Elizabeth McCain 7 Dec. 1837
C. ELIZABETH	b. 1801 d. 23 Oct. 1844	mar. George Duree abt 1825
<i>Robert</i> D. Son	b. d.	
E. JAMES	b. 1804 d.	mar. Sarah _____
F. JOHN	b. abt 1810 d.	mar. Catherine Mater 29 Jan. 1843
G. MARY	b. abt 1811 d.	mar. Henry Northern 28 June 1838
H. JOSIAH	b. 24 June 1814 d.	mar. Matilda Dickson 25 Aug. 1835
I. CLOE ANN	b. abt 1815 d.	mar. Marion Harding, Jr. 18 Mar. 1841
J. MARTHA	b. abt 1820 d.	mar. Jacob I. Johnson 13 Apr. 1841
K. Daughter	b. abt. 1825 d.	

John C. and Cluree Olivia (Mitchell) Bullington remained in Pittsylvania County, Virginia until late 1807. There is a record of an indenture of sale between John and Ollie Bullington and a John Wilson presented and proved in court in April, 1807. There also is a record of a suit of John Garrett, plaintiff, versus John Bullington, defendant, on an assault and battery charge that ran in the courts of Pittsylvania County from about 1805 to 1809.

By 1810 John and Cluree Olivia Bullington and six children under 16 years of age were living in Mercer County, Kentucky, according to the census report there, and other court records.

John Bullington appeared to be a man of short temper. Soon after his arrival in Kentucky he was defendant in a suit, filed in September, 1809 by Joseph Pearson, who complained that said John "did, on July 1, 1809, with force and arms, etc. (to wit), with sticks, stones, fists, etc., make an assault upon the body of said Joseph Pearson and did then and there beat, wound and evilly treat him, the said Joseph, so that his life was dispaired of and other wrongs and injuries then and there done him to the great damage of him the said Joseph, Etc. He received damages to the value of \$500 and thereupon he brings suit." The jury found for John Bullington, the defendant who, on September 15, 1809, before the Judges of the Mercer Circuit Court, recovered againse Joseph Pierson \$3.61 $\frac{1}{2}$ by the judgment of said court for his costs in defending the action of trespass, assault and battery. The case was dismissed in June, 1811.

John Bullington was listed on the Mercer County, Kentucky tax lists from 1808 through 1823. At the time of the 1820 census, the report indicated John and Cluree Olivia had ten children.

About 1824, John C. and Cluree Olivia Bullington and most of their children, together with many of the early settlers of Mercer County, Kentucky, emigrated to Parke County, Indiana, settling in Jackson Township. From the "History of Parke County, Indiana" comes the following concerning the oldest son, William:

"About 1825 or earlier William Bullington arrived. He had come into the state from Kentucky, having in 1807 moved with his parents from Virginia to Kentucky. He says there were not men enough in Parke County to raise a good cabin and that many of those who were here lived in their wagons and camped out. He accompanied the Indians from Mansfield to St. Louis when they were removed from Ohio to the Osage country. He was 23 days with the Indians. He was a mason by trade. In 1869 he moved to Union Township and now (1880) lives in Hollandsburgh at the advanced age of four score years."

The 1830 census of Parke County, Indiana, indicated that John C. and Cluree Olivia Bullington had seven children living at home. Their two oldest sons and oldest daughter, Jane, had married and established their own homes.

John C. Bullington died in Parke County, Indiana at the age of 69 in early 1842 as his will was written February 23 and probated there July 13, 1842. In it he referred only to "my belived wife...my son John Bullington...my son William Bullington....all my legal heirs." John C. Bullington left his estate to his wife during her lifetime and directed that his son John, Mr. "shall have chare of his mother after my decease and that he shall take care and support her, fced and cloathe her in a comfortable manner during her lifetime by and with the profits arising from my estate. Also, I direct that in consideration of the attention of my son John Bullington to his mother in maintaining and rendering her comfortable through life, if he shall comply,

shall have my real estate forever together with all the personal property that may not have been exhausted during his mothers lifetime.

At the time of the 1850 census of Parke County, Olivia Bullington, then 80 years old, was living with her son John and his family. She apparently died sometime after 1852 as she was listed as a survivor of her mother, Chloe Nance Mitchell, in November, 1852. Her death occurred before the 1860 census report.
